

BHAGWAN PARSHURAM INSTITUTE OF TECHNOLOGY

Department of Computer Science & Engineering

Vision

To emerge as a centre of excellence, in the field of Computer Science and Engineering and research, by grooming our pupils with strong conceptual knowledge to enable them as a professional and researcher.

Mission

1. To inculcate self-motivation among the students, who can find and understand the need of the day.
2. To produce best quality professionals with strong conceptual knowledge and hands on experience.
3. To enable the students to be technically competent among their peers and serve as ethical software professionals.
4. To facilitate industry interaction exposure for the benefit of stakeholder
5. To motivate faculties & students for their continuous improvement of their academic standards with qualitative research.

Program Educational Objectives (PEOs)

PEO 1: To promulgate strong foundation in applied sciences, mathematics and engineering fundamentals.

PEO2: To be able to comprehend, analyze and map the computational logics with real time problems

PEO3: To provide in extensive knowledge to design and build products with innovative solutions for problems using their skills in Computer Science and Engineering field and other related domains.

PEO4: To inculcate self-confidence, ethics, teamwork skills, impart leadership skills, build communication skills and life-long learning

PEO5: To succeed with excellence as computer professional or successful entrepreneurs or pursue higher studies through quality education

Program Specific Outcomes (PSOs)

By the completion of Computer Science & Engineering program the student will have the following Program Specific outcomes.

PSO1: Foundation of Computer System: Ability to comprehend mathematical science principles, coupled with engineering specialization to analyze & design solutions to real world problems.

PSO2: Proficiency in Software Development Skills: Applying the concepts for building new innovations with a wide range of programming languages and recent open source platforms, by upgrading with new skills and techniques.

PSO3: Successful Career and Entrepreneurship: Ability to excel in his/her innovative career ethically and engaging himself/herself professionally as an entrepreneur, software professional, pursue higher studies with good communication and leadership skills, for the benefit of the society

PROGRAM OUTCOMES(POs) COMMON TO ALL BRANCHES

Engineering Graduates will be able to:

1. Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
7. Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
9. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
10. Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

BHAGWAN PARSHURAM INSTITUTE OF TECHNOLOGY
INDEX

Subject: Reinforcement Learning & Deep Learning Lab

Branch: CSE-B **Semester:** 7th

Exp. No.	Objective of the Exp.	Date Performed	Evaluation	Faculty Signature
1.	Setting up the Spyder IDE Environment and executing a Python Program.	07/08/25		
2.	Installing Keras, Tensorflow and Pytorch libraries and making use of them.	14/08/25		
3.	Implement Q-learning with pure Python to play a game	21/08/25		
4.	Implement deep Q-network with PyTorch.	26/08/25		
5.	Python implementation of iterative policy evaluation and update.	04/09/25		
6.	Write a program to implement Chatbot using bi-directional LSTMs.	11/09/25		
7.	Create a program for Image classification on MNIST dataset (CNN model with fully connected layer)	18/09/25		
8.	Write a program to Train a sentiment analysis model on IMDB dataset, use RNN layers with LSTM/GRU	16/10/25		
9.	Apply the Deep learning models in the field of Natural Language Processing.	30/10/25		
10.	Applying the Convolution Neural Network on computer vision problems.	06/11/25		

Name: YASH KUMAR

Roll No.: 09420802722
